

BUILDING A FOUNDATION TO GREATNESS

*We need your support!
Become a Sponsor!*

Young Life Basketball Academy (YLBA) is looking for sponsors to help provide meaningful and life-changing opportunities for high school youth to chase their academic & athletic dreams beyond high school.

We're looking to level the playing field—the expenses to participate in today's AAU environment limit who can play. We want to give individuals a fighting chance to be seen and compete for potential college scholarships.

An AAU team's average cost per season is roughly \$48K; expenses include a training facility, tournament fees, equipment, uniforms, practice gear, & travel expenses. As a result, the average cost per player for a season is \$4,000. Our program will strive to participate in three seasons: Spring, Summer, & Fall.

Your sponsorship will allow individuals to participate in a program that will teach them core values to be impactful role models in their communities. Let's give them that chance to make a difference.

Dear Prospective Sponsor,

We're looking to grow our program into a nationally recognized leader in excellence. Our program stresses the importance of working together, communicating effectively, and giving your all to succeed. Wins and losses don't determine success in life. Your character defines who you are by how you compete!

We appreciate and accept all levels of support from individuals and businesses. Our program will acknowledge any form of support via social media to express our gratitude for your commitment to making a difference. The right to display a logo on our site is reserved for contributions of \$2,000 or greater.

We aim to build long-term relationships in the community and with sponsors globally to provide impactful and unforgettable experiences for our youth. They are our future, and we must build a solid foundation for them to stand on.

Thank You
